NEW!

*Gasket sold separately

Part Number	Description	Qty
309845	Kwiki Locking Extension	100/case
The following items are sold separately		
307978	Kwiki Neoprene Gasket	100/case
307968	Kwiki Handle	100/case
307970	Kwiki Wingnut	100/case

Features & Benefits:

- **No Stand-Off Required**
Extends out from damper 2" to clear higher R value insulation
- **Fitting**
Attaches to the Kwiki hammer on regular or most 5/16" hammer on damper regulators
- **Securely Locks**
When the barrel is tightened, the damper blade locks down to the side of the damper
The wing nut, when tightened, acts as a second lock to insure the damper blade stays set
- **Labor Saving**
easy to install without using a small set screw
- **Time Saving**
Last minute field changes can be achieved quickly by the contractor
- **Economical standoff regulator for OEM damper manufacturers**
